- Opened a U.S. branch.
- Achieved the first \$10,000 order.

1

1999

- Old Modern Handicrafts was established.

III. WHY SPECIAL?

- ☼ 25 years of experience in the handicraft industry
- ☼ **Material:** red cedar wood imported from Canada (full documentation can be provided)
- ☼ **Production time:** fast, accurate while still ensuring museum quality
- ☼ **Durability:** after 25 years the first ship model produced still maintains the same quality

- ☼ The interior is meticulously crafted with every detail 100% hand-carved with small items made entirely of metal or red cedar

☼ **Packaging:** careful, sturdy, with drop test video

☼ **After-sales service:** exchange/return if the goods are broken or defective. Pay all shipping fees for return goods.

VII. CULTURE & VALUES

At Old Modern Handicrafts, we are driven by a passion for craftsmanship and innovation. With over 25 years of expertise, our culture is rooted in a commitment to quality, attention to detail, and the preservation of traditional handcrafting techniques. We embrace new technologies to enhance our products while staying true to our artisanal roots.

Our values are centered on customer satisfaction, continuous improvement, and environmental responsibility. We take pride in our ability to customize and personalize our offerings, ensuring that each product is not only a work of art but also a reflection of our dedication to excellence. We believe in creating products that last, not just in their physical form but in the lasting relationships we build with our customers and partners.

VIII. CUSTOMIZED SHIP MODELS

WE CAN TAILOR-MAKE ALL KINDS OF WOODEN SHIPS AND BOATS.

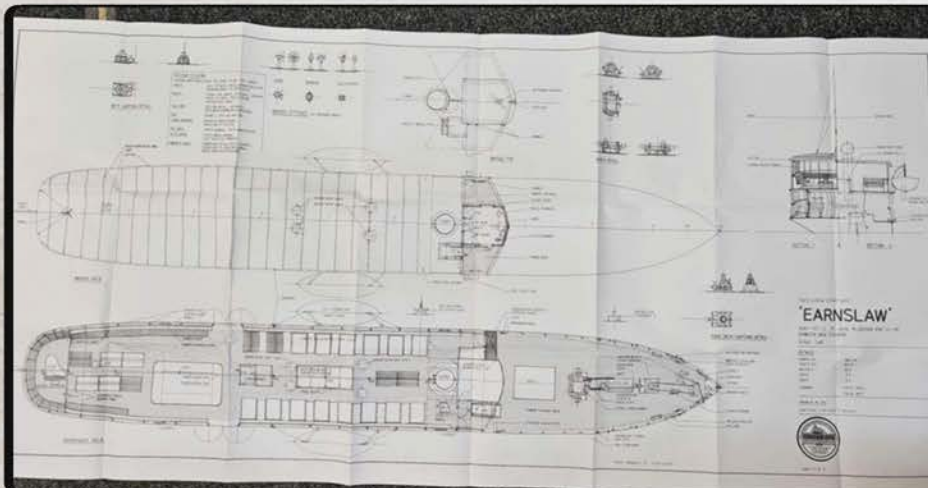

#Earnslaw ship

**2 - 6
MONTHS**

is our average timeline for completing the customized product and delivering it to our customers. This includes the time for drafting, production, and shipping.

ORIGINAL IMAGES SENT BY CUSTOMERS

VIII. CUSTOMIZED SHIP MODELS

Production Time: about 2 months includes the drawings and finalizing of the production.

We provide our customers with updates at each **stage of the hull, painting, and finishing processes**, allowing them to give feedback and make adjustments until they are completely satisfied.

1. HULL PROCESS

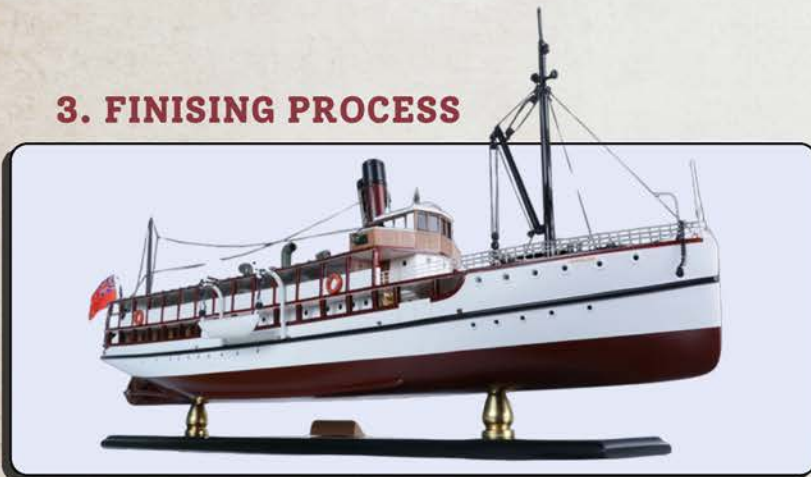

The ship's hull is carefully crafted and assembled from quality materials, ensuring each piece is securely fitted and accurately aligned, forming a solid foundation.

2. PAINTING PROCESS

Layers of primer, base paint, and topcoat are applied, each meticulously sprayed to create a smooth, durable surface that enhances the ship's appearance and longevity.

3. FINISHING PROCESS

Final details like decorative elements and polish are added, followed by a thorough inspection to ensure quality before carefully packaging the model for delivery.
